CHIC BRAIDS

Braids are by far the biggest comeback style of late. From festivals to runways, this 'do is much-loved. To achieve sleek braids, pre-straightening is essential – opt for a top-of-the-line model for the best results. Use texturising spray to create volume and ultra-fine hair spray to tame flyaways. Stylish and simple, rock this look all year round!

Rustic revamped

Forget the notion that rustic interiors belong in the past. Bring country style into your modern home with a few simple, stylish touches.
